Updates for Fall 2008 Administration

Online Reporting Website

<https://www.eval.k-12.state.tn.us/authorize.aspx/login.asp?app=TCAPReports>

Important: Beginning Inventory and After Inventory menus are no longer on the TCAP Reports website. The completion of the SGL's and RI's are required before QuickScores are released.

Medical Exemption Request Form

An answer document bubbled *absent* should be completed with demographic information and scanned for the student at the scan site. The medical exemption form should be returned in the Breach Envelope (sample on page 54). Enter any medical exemption request on the TCAP Reports website on an RI Form, prior to the test administration or at the time you report RI's online. (Completed Medical Exemption form and documentation may be faxed to 615-532-7860; hard copies should be mailed via Priority Mail, Fed Ex, or UPS.)

SchoolHouse (SDDV) Reports & System Student Data File

The opportunity for systems and schools to verify student demographics for "cleaner" data is completed on the Pearson SchoolHouse Website (SDDV). The editing process includes verification of name, birth date, social security numbers, the newly requested Unique Identification Number (UIN), ethnic origin, and membership. Completion of this process is determined by a selected date on the closure of the scanning window. The Student Demographic Data Verification (SDDV) website is located in the TCAP Online Application Website.
<http://ncsschoolhouse.com>

Answer Document Coding

- Answer document format changes consistent with TCAP Achievement and Writing.
- Home School student's bubble added on answer documents.
- Homebound students need to bubble B1 in the State Use Only Box.
- Bubble C1 for those students currently enrolled in a CTE course.

Exiting Special Education

A-4 First Year — Exiting SPED (no longer with an IEP)

B-4 Second Year — Exiting SPED (no longer with an IEP)

Alternative identification numbers can be used when student social security numbers have not been issued. Alternative identification numbers should be in the format as stated in the Student Membership and Attendance Accountability Procedures Manual.

9 + 3 digit system # + 00001 to 99999

<http://state.tn.us/education/schapproval/attendancemanual/>
(Click E - Enrollment and Attendance Coding)

New Bubble: Functionally Delayed

Bubble C2 in the State Use Only Box for any student identified as *Functionally Delayed*. Functionally Delayed is not an IDEA recognized category. Do **NOT** use the box entitled "Special Education" to identify Functionally Delayed students. Fill in the circle in the box entitled "Special Accommodations" to indicate the special accommodations used with Functionally Delayed students. Functionally Delayed students are **NOT** counted as Special Education for AYP.

New Bubble: Birth Date Year Field

A century bubble has been added to the Birth Date Year field.

ELL - T1 and T2 Revisions

Fill in the corresponding circle if the student qualifies as a transitional student.

Bubble T1 - Students that are classified as Transitional 1 (T1) the first year after scoring proficient.

Bubble T2 - Students that are classified as Transitional 2 (T2) the second year after scoring proficient. Transitional ELL students are exited from monitoring following the second successful year scoring at proficient or above in reading and language arts on the State assessment.

ELL Coding Requirements

The testing requirements for ELL have changed:

See 2008 – 2009 English Language Learner (ELL) Accommodations and Exclusions on page 37.

Adequate Yearly Progress Demographic Review Form

After completing the Adequate Yearly Progress Demographic Review Form, please fax a copy to the attention: Gateway Assessments (615) 532-7860. Please submit only ONE form per system.

Ethnicity Additions and Revisions

The Ethnic Origin Field was expanded to seven categories for the Summer 2008 administration only. For Fall 2008 and Spring 2009, the field will contain five categories. Please code the appropriate category for each student based on the enrollment file of the system or school.

Unique Identification Number

The student's Unique Identification Number, which is obtained from the EIS System, must be printed in the boxes and the corresponding circles filled in below each number. If the number is less than nine digits, please pre-fill the empty bubbles, using leading zeros. (Non-public schools/facilities will not have EIS-generated numbers. Private entities should fill the EIS field with the same number used in the Social Security Number field.)

GIS Change

Instead of the teacher social security number, the teacher licensure number will now be required.

SECTION I: TEST SECURITY

TEST SECURITY AND THE LAW

State of Tennessee Test Security Law

Tennessee Code Annotated (T.C.A.) 49-1-607 states:

Any person found to have not followed security guidelines for administration of the TCAP test, or successor test, including making or distributing unauthorized copies of the test, altering a grade or answer sheet, providing copies of answers or test questions, or otherwise compromising the integrity of the testing process shall be placed on immediate suspension, and such actions will be grounds for dismissal, including dismissal of tenured employees. Such actions shall be grounds for revocation of state license.

[Acts 1992, ch. 535, 4.]

Standard copyright laws must be maintained at all times. Secure assessment materials (including pilot or field test materials) shall not be read, reviewed or analyzed at anytime; before, during or after test administration.

Test materials shall not be copied, filed or used directly in instructional activities. Specific excerpts from test or paraphrased portions of the test may not be used to create study guides or classroom resources.

Discussion of the test content or specific test items with students, parents or professional colleagues is prohibited, to protect the validity of the test.

STATE TEST SECURITY MEASURES

The State will:

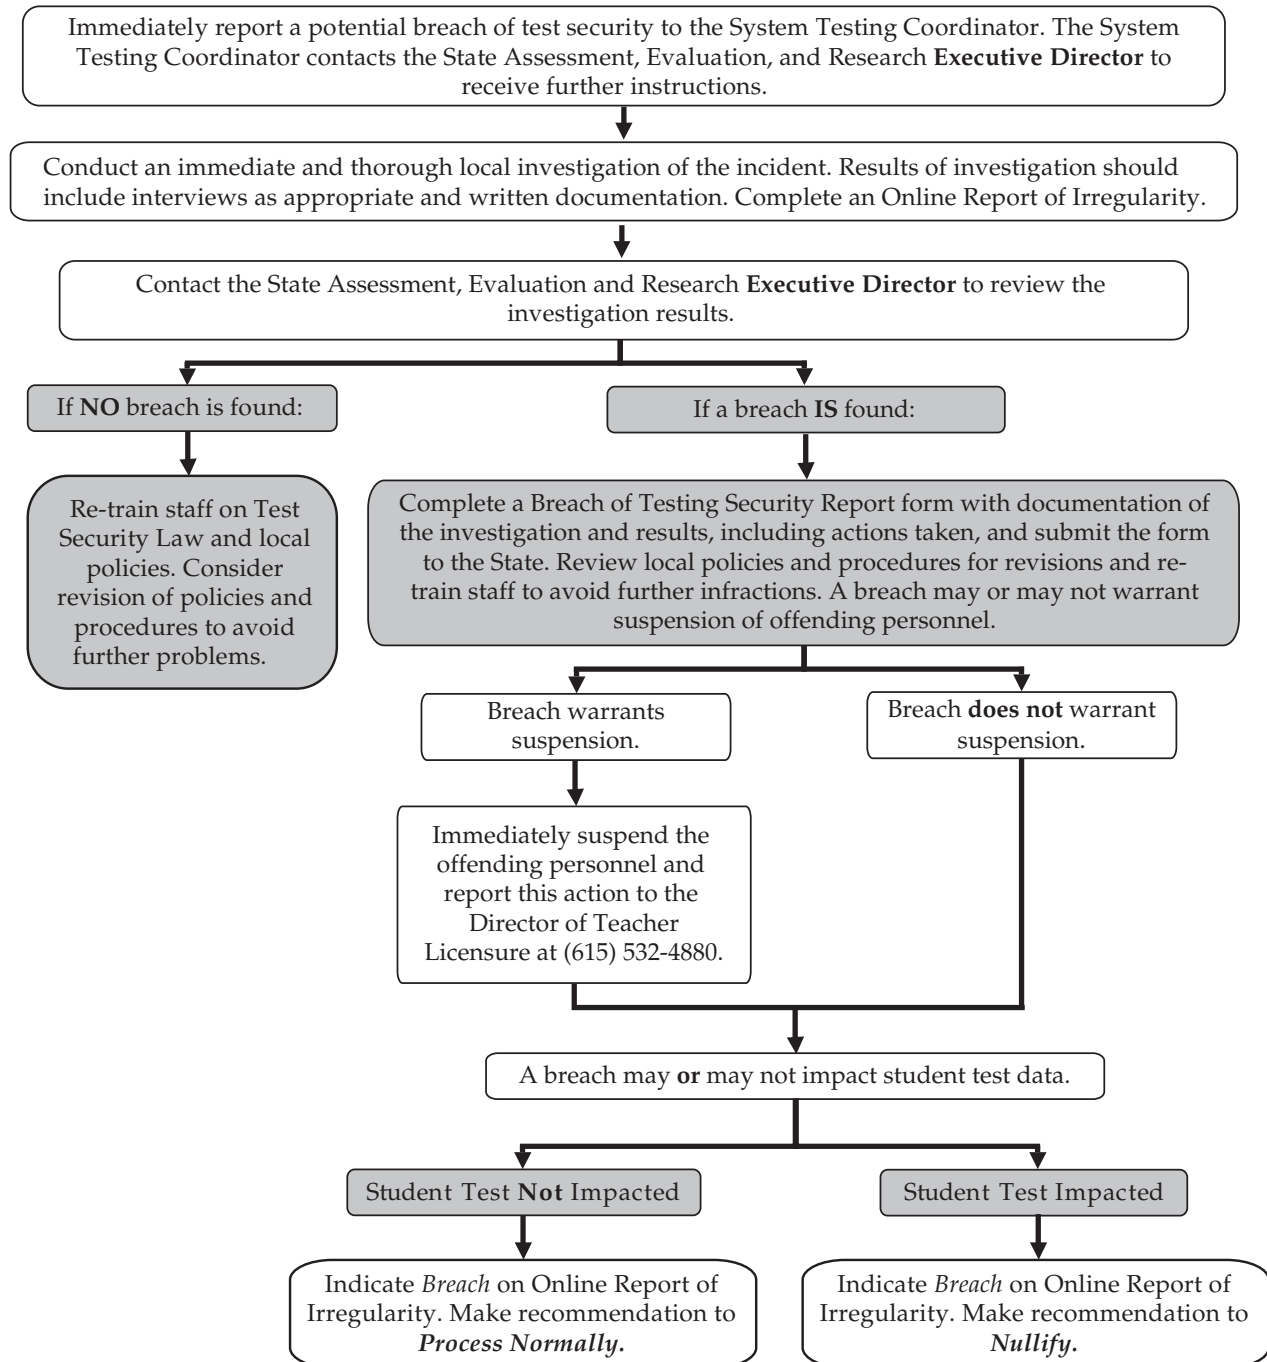

- Establish security guidelines to ensure the integrity of the testing process
- Implement safeguards to ensure test content security
- Communicate through the System Testing Coordinator matters concerning security, material orders, and shipping verifications
- Provide Distribution and Shipping Logs to ensure accurate inventory of test materials at the system and school levels
- Conduct random visits during testing to ensure test security and consistency of administration
- Provide Breach of Testing Security Report Forms to document local test security concerns
- Review submitted Breach of Testing Security Reports and follow up as needed
- Release student-specific test data only to authorized personnel

STATE TEST SECURITY GUIDELINES**The Public School Systems, State Special, and Non-Public Schools MUST:**

- 1) Adopt a locally monitored test security policy that incorporates, at a minimum, these State Test Security Guidelines. This policy should include a Testing Code of Ethics for personnel to sign and leave at the district office for documentation.
- 2) Train all personnel involved in the testing process on State Test Security Law, Security Guidelines, local policy, and test administration procedures; retain training documentation for system records.
- 3) Implement check-in, check-out, and quantity verification procedures for all test materials at the system level, at the school level, and for each test session.
- 4) Restrict handling of test materials to authorized personnel at all times.
- 5) Implement policies and procedures to prohibit all personnel from obtaining knowledge of test items or passage content before, during, and after testing.
- 6) Return test materials immediately after each test session and when the entire administration is completed. Store test materials in a centrally located locked room that is inaccessible to unauthorized persons.
- 7) Create a secure, yet positive, environment for testing.
- 8) Conceal all instructional or reference materials in the test setting which are related to the content area being assessed, such as maps, posters, student samples, bulletin board items, study aids such as graphic organizers, models, or number lines that relate to subject content.
- 9) Remove from the testing area any familiar study aids such as, graphic organizers, models, or number lines that relate to subject content.
- 10) Turn off all electronic communication devices (cell phones, pagers, PDAs, etc.) in the test setting. Ensure proper calculator use as outlined in the Test Administration Manual, making sure that calculators are cleared before and after administration of each test.
- 11) Confirm each student is the person named on the answer document for every testing session. A photo ID may be required if administrators are not responsible for normal classroom instruction.
- 12) Require Test Administrators and Proctors to carefully adhere to all test administration and accommodation instructions, following appropriate schedules and time limits, outlined in all test directions.
- 13) Require Test Administrators and Proctors to remain with the students and be observant and non-disruptive throughout the testing session.
- 14) Prohibit coaching students in any way during State assessments.
- 15) Prohibit reading test items and passages by anyone other than the students being tested, unless indicated in test instructions or accommodations.
- 16) Ensure students respond to test without assistance from anyone.
- 17) Ensure that test items are not reproduced, duplicated, or paraphrased in any way, for any reason, by any person.
- 18) Maintain confidentiality of student-specific accountability demographic information and test results at all times.
- 19) Document test security concerns, including missing materials, on the Breach of Testing Security Report Form.
- 20) Failure to report a breach of security guidelines compromises the integrity of the testing process and should be treated as a breach of testing security.

Breach of Test Security Procedures

It is the responsibility of the school system to establish a secure testing environment for all assessments. Open lines of communication should be maintained to encourage suggestions for improvements in testing procedures and for reporting any possible testing impropriety. Upon receipt of any information concerning a possible breach of testing security, school and system administration must initiate an immediate and thorough investigation into the circumstances of the event. Examples of potential breaches may be found in the Tennessee Test Security Law and State Test Security Guidelines. The following chart is provided for guidance in handling potential breach of testing security concerns. Questions should be directed to the State Assessment, Evaluation, and Research Executive Director at (615) 741-0720.

Student Accountability Demographic Information

Coding Instructions

Incorrect, incomplete, or illegible information will result in inaccurate student data, will delay test processing, and may have a negative impact on final print reports. Fill in only one circle in each column.

- ☐ Ensure student demographic information is properly marked.
 - ☐ use No. 2 pencil to make dark solid marks that fill the circle completely
 - ☐ make no stray marks
 - ☐ marking more than one circle in each column will invalidate the coding
 - ☐ erase changes completely
- ☐ Code student demographic information on the answer documents.
 1. **NAME:** Print the student's full legal name (LAST, FIRST, and MIDDLE INITIAL) in the spaces provided. If there are not enough spaces for any name, print only as many letters as there are spaces. Fill in the corresponding circle below each letter.
 2. **SOCIAL SECURITY NUMBER:** The student's Social Security Number must be printed in the boxes and the corresponding circles filled in below each number. Do not code with "999-99-9999."
 3. **ETHNIC ORIGIN:** Fill in the circle that best represents the student's ethnic origin.
 4. **BIRTH DATE:** Fill in the appropriate circles in each column for the month, day, century, and year of birth. If day is a single-digit number, precede it with a zero (0).

 - (3) The student has **NOT** been continuously enrolled in this school district, but **HAS BEEN** enrolled in a Tennessee school district at some point in the 1st reporting period.
 - (4) The student has **NOT** been continuously enrolled in a Tennessee public school district at some point in the 1st reporting period.

Note: Home School and Private School students should be coded in this area.
 7. **GRADE:** Fill in the circle corresponding to the student's grade level. **Note:** Pre-7 Students in grades prior to 7th grade. Post-12 Students are students not in a traditional school setting.
 8. **Teacher, SYSTEM, AND SCHOOL:** Names must be printed in the appropriate spaces. For private schools, system name should be the same as school name. Out-of-System students will require a separate GIS and SGL; school code for out-of-system is "9999." The Teacher's name must be written EXACTLY as it appears on the GIS. If the student is a repeater or is not enrolled in the course, use the name of a certified licensed teacher or administrator.
 9. **Version:** Fill in the corresponding circle for the version of the test booklet used by **each** student.
 10. **TESTING STATUS:** Fill in the appropriate circle(s) for the student's testing status. Mark all that apply.

Test Directions (Gateway)

Make sure each student has the correct test booklet, corresponding answer document, and a pencil. The test booklet and answer document should be the same color. Read the bold statements beside the word “Say” verbatim to the students. This is to be read after student demographics have been completed (see pages 18–21, Student Accountability Demographic Information).

Say **Look at the front of the test booklet. Write your first and last name in the blank at the top of the cover of the test booklet. Print the school name, the name of the teacher you had for this subject, and the school system name in the blanks provided.**

Make sure the students complete this information.

Say **At the bottom of the front cover of the test booklet is the Version number. Make sure the same number is filled in on the front of your answer document in the section labeled “VERSION.”**

Make sure the students complete this information.

Say **Read the directions on the back of the answer document. Here are some important points to remember as you take the test. Read each question carefully. Fill in the circle on the answer document that matches the answer you choose for each question. Fill in the circle completely with heavy and dark marks. If you want to change an answer, completely erase the mark and fill in the circle of your new answer choice. Remember to read all the directions carefully. You should attempt every item on the test.**

NOTE: Test Administrator, inform students of Mathematics Reference Page.

When you come to the word *STOP*, you have finished the test. When you have finished, you may check your answers. Then sit quietly until everyone has finished.

Are there any questions?

Answer any questions the students have about the directions on taking the test.

Say **On the back of the answer document, find Number 1. Be sure to begin marking your answers here. Open your test booklet to page 1. You may begin.**

Gateway Tests are untimed.

When all students have completed the test,

Say **This is the end of the test. Put down your pencil and close the booklet. Sit quietly while the test materials are collected.**

Collect all test materials.

IMPORTANT: As you collect the test materials, make sure the correct Version is marked on the answer document.

Say Look at the front of the test booklet. Write your first and last name in the blank at the top of the cover of the test booklet. Print the school name, the name of the teacher you had for this subject, and the school system name in the blanks provided.

Make sure the students complete this information.

Say At the bottom of the front cover of the test booklet is the Version number. Make sure the same number is filled in on the front of your answer document in the section labeled “VERSION.”

Make sure the students complete this information.

Say Read the directions on the back of the answer document. Here are some important points to remember as you take the test. Read each question carefully. Fill in the circle on the answer document that matches the answer you choose for each question. Fill in the circle completely with heavy and dark marks. If you want to change an answer, completely erase the mark and fill in the circle of your new answer choice. Remember to read all the directions carefully. You should attempt every item on the test.

NOTE: Test Administrator, inform students of Mathematics Reference Page, if appropriate.

Say When you come to the word *STOP*, you have finished the test. When you have finished, you may check your answers. Then sit quietly until everyone has finished.

Are there any questions?

Answer any questions the students have about the directions on taking the test.

Say You have 75 minutes to complete this test.

On the back of the answer document, find Number 1. Be sure to begin marking your answers here. Open your test booklet to page 1. You may begin.

End of Course tests allow 75 minutes (1 hour 15 minutes).

Record starting time on this line: _____

Add 75 minutes (1 hour 15 minutes), + 75

and record stopping time on this line: _____

When the test time has ended or when all students have completed the test,

Say This is the end of the test. Put down your pencil and close the booklet. Sit quietly while the test materials are collected.

Collect all test materials.

Test Accommodations

2008–2009 Allowable Accommodations

(For use by *any* student—General Education, Special Education, and ELL—as appropriate.)

Any departure from standardized test procedures can potentially invalidate the test results. The test validity is seriously threatened by accommodations that change the nature of the task being tested.

Use of Allowable Accommodations should be based on individual student need. As with any accommodation, Allowable Accommodations must be used consistently by the student throughout curricular instruction during the school year. Many of the Allowable Accommodations require planning by school personnel prior to TCAP test administration. The teacher must discuss the accommodation with the student prior to testing. More information about Allowable Accommodations is available at: <http://www.state.tn.us/education/tsaccom.htm>.

TCAP Allowable Accommodations are specifically defined as follows:

LARGE PRINT OR BRAILLE TESTS: Any large print or Braille test must be requested in advance. “Readers” for illustrations and graphs are permitted with the large print or Braille versions of the TCAP assessments only when students have Visual Impairment verification on the IEP. Extended Time for students using large print or Braille tests is not permitted unless documented on the IEP or 504 Service Plan.

SIGNING INSTRUCTIONS: Directions normally read aloud to students may be signed verbatim for students who typically use sign language. Only spoken portions of the directions may be signed. The interpreter must not fingerspell words that have a commonly used sign. Test instructions may not be clarified in any manner.

REPEATING INSTRUCTIONS: Directions normally read aloud or signed to students may be re-read/signed verbatim as needed.

CALCULATOR/MATHEMATICS TABLES: Calculators and/or mathematics tables are permitted on the mathematics portions of the TCAP Achievement (grades 3–8), and the Gateway Tests. Therefore, use of calculators and/or mathematics tables on mathematics items is not considered a Special Accommodation. If the school system does not permit this Allowable Accommodation, the IEP Team or 504 Review Committee should document the use of calculators and/or mathematics tables on the *Allowable/Special Accommodations Addendum*.

FLEXIBLE SETTING: Students may take TCAP assessments in an individual or small group setting, seated in a designated area of the room, in a study carrel or in another classroom setting (e.g., library). Homebound students may take the test at home or another approved location with appropriate documentation. Prior arrangements must be made with the Building Level Testing Coordinator as needed.

Note: Recommended size for small group setting is two to five (2–5) students. Small group setting should NOT exceed ten (10) students.

VISUAL/TACTILE AIDS: Aids may include magnifying devices, use of templates to reduce the amount of visible print on a page, masks, pointers and abacus.

AUDITORY AIDS: Auditory aids include amplification devices and devices that are used as noise buffers. This includes white-noise machines.

MULTIPLE TESTING SESSIONS (within school day): TCAP tests or subtests may be given in smaller segments adhering to the allotted time for that test as specified in this manual. Use of this accommodation requires individual or small group setting. Breaks taken by the student during the testing period must be closely supervised.

As an Allowable Accommodation, “Multiple Testing Sessions” does not apply to an entire general education classroom, but may be appropriate for a few students within that class. Prior arrangements must be made with the Building Level Testing Coordinator. Questions about appropriate use of this accommodation should be directed to the System Testing Coordinator.

EOC tests are timed and the administration must remain within the overall time allotted. The test must be completed within the school day. Gateway tests are untimed and the student may take as much time as needed within the school day to complete the test.

FLEXIBLE SCHEDULING: End of Course and Gateway tests may be given at a different time of day than the recommended assessment schedule for individual students who may perform better (e.g., medication schedule, behavioral issues) during a specific period of the day. Each test given must be completed within the school day.

As an Allowable Accommodation, Flexible Scheduling does not apply to an entire general education classroom, but may be appropriate for a few students within that class. Prior arrangements must be made with the Building Level Testing Coordinator. Questions about appropriate use of this accommodation should be directed to the System Testing Coordinator. All testing must be completed within the system’s testing window.

SCRIBE/RECORDING ANSWERS: Students who cannot mark their own answer documents may use an impartial Scribe. A Scribe may be used to record responses or to transcribe the student’s answers from a modified answer document or test booklet. Students who cannot utilize the answer document may record directly in the test booklet or on a separate piece of paper. If a student marks answers in the test booklet, ensure that the student’s name, social security number, school, system, and teacher name are written on the front cover of the test booklet. The student’s answers must be transcribed to a regular answer document and placed with the documents to be scored under the appropriate Group Information Sheet. Place the marked test booklet or separate piece of paper under a completed Inactive Test Material form and mark the appropriate box on the form.

MARKING IN TEST BOOKLET: Students may mark in test booklets. This includes highlighting or underlining words or phrases. Careful attention must be given to ensure that students record all responses on their answer documents.

STUDENT READS ALOUD TO SELF: The student may read aloud the test being administered to him/her in an individual setting.

NOTICE: In rare cases additional accommodations may be needed for students who are not receiving services under Special Education or Section 504 (e.g., a short-term medical problem). For these students Unique Adaptive Accommodations Request Forms should be submitted to the Department of Education for review and approval.

Special Accommodations

Questions regarding required conditions for the use of Special Accommodations should be directed to the Division of Special Education at (615) 741-2851. Test administration questions should be directed to Assessment, Evaluation and Research at (615) 741-0720.

Special Accommodations should be limited to those listed below in order to obtain valid results. Requests for any type of accommodation other than those listed below must be directed to the Division of Special Education.

Special Accommodations may be used only if indicated on the student's IEP or 504 Service Plan. Students may use multiple Special Accommodations if they meet all of the required conditions. More information about Special Accommodations is available at <http://www.state.tn.us/education/tsaccom.htm>. The answer document displays only the Special Accommodations permitted for the assessment. Bold letters correspond to the answer document coding. **If the accommodation determined by the IEP team as necessary for use on TCAP assessments is not an Allowable Accommodation or Special Accommodation provided by the State, but is used consistently and proficiently by the student on classroom assessments, then a Unique Adaptive Accommodations Request Form may be submitted to the Department of Education for review. Testing Coordinators should direct requests to Ann Sanders in the Special Education Division at 615-741-2851.**

Scheduling

A. Extended Time:

Extended Time may be used as an accommodation on any timed test. The amount of Extended Time needed must be determined by the student's IEP Team or 504 Review Committee. This accommodation may be used with all assessment materials, including Braille, large print and regular print tests. No test should be administered for more than 75 minutes without allowing for a 10-minute break.

Eligible students must receive this accommodation under the following conditions:

- The student must be tested in an individual setting or small group setting with other students needing the same accommodation.
- A test for which Extended Time is used may not exceed one school day.
- Each test must be completed within one school day.
- All testing must be completed within the system's testing window.
- The Test Administrator must verify the circle for **Special Accommodation A** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

Oral Testing

B. Read Aloud Internal Test Instructions:

As with all Special Accommodations, the need for the Read Aloud Accommodation must be documented in the student's IEP or 504 Service Plan. Reading Aloud – Internal Test Instructions may be used on all tests, as needed, by students with IEP's or 504 Service Plans.

- The student must be tested in an isolated area in which students who do not need the accommodation may not hear the test administration. This may be provided in an individual or small group setting with students needing the same accommodation.
- Internal Test Instructions must be read exactly as they are written in the test book. Any variation from the text will invalidate the test.
- The test must be completed within the school day.
- All testing must be completed within the system's testing window.
- The Test Administrator *may not explain the meaning of any words read to the student.*
- The Test Administrator must verify the circle for **Special Accommodation B** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

C. Read Aloud Internal Items:

As with all Special Accommodations, the need for the Read Aloud Accommodation must be documented in the student's IEP or 504 Service Plan.

Students with 504 Service Plans: The use of Reading Aloud – Internal Test **Items** for tests that **do not** measure reading/language arts is permitted for students that have documented need.

Students with IEP documentation: Reading Aloud – Internal Test **Items** may be used on all tests, including those measuring reading/language arts, as appropriate. Students using this accommodation are to be as independent as possible. The IEP Team or 504 Review Committee must specify the extent to which the student is to receive the accommodation during the administration of a TCAP assessment, (e.g., the entire test is read aloud or certain passages are read aloud).

Eligible students must receive this accommodation under the following conditions:

- The student must be tested in an isolated area in which students who do not need the accommodation may not hear the test administration. This may be provided in an individual or small group setting with students needing the same accommodation.
- The test must be completed within the school day.
- All testing must be completed within the system's testing window.
- The Test Administrator *may not explain the meaning of any words read to the student.*
- The Test Administrator must verify the circle for **Special Accommodation C** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

Note: Regulations under NCLB do not extend use of "Reading Aloud Internal Test Items" to tests measuring reading/language arts for students with 504 Service Plans.

D. Prompting Upon Request:

Prompting upon Request must be documented in the student's IEP or 504 Service Plan. The use of Prompting upon Request on tests that **do not** measure reading/language arts is permitted for students with 504 Service Plans who have documentation of need. Prompting upon Request may be used on all tests, including those measuring reading/language arts, as appropriate, by students with IEP documentation of need.

This accommodation is appropriate for students who may need only certain words read to them upon request. Students using this accommodation will not need the entire test or even entire passages read aloud.

Eligible students must receive this accommodation under the following conditions:

- The student must be tested in an isolated area in which students who do not need the accommodation may not hear the test administration. This may be provided in an individual or small group setting with students needing the same accommodation.
- Internal Test Instructions must be read exactly as they are written in the test book. Any variation from the text will invalidate the test.
- Internal Test Items must be read exactly as they are written in the test book. Any variation from the text will invalidate the test.
- The Test Administrator *may not explain the meaning of any words* read to the student.
- The test must be completed within the school day.
- All testing must be completed within the system's testing window.
- The Test Administrator must verify the circle for **Special Accommodation D** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

E. Interpreter Signs/Cues:

This accommodation may be used only by students with a Hearing Impairment/Deafness. IEP documentation of consistent use of this accommodation is required. Sign language interpreters should attempt to sign test instructions and items exactly as written. The interpreter may use a sign that is close to the word during test administration when doing so would not reveal the answer to the question. Anytime there is a standard sign for a word or concept, the sign is to be used during the test administration if at all possible. In the event there is no standard sign and a shortcut sign is available, the shortcut sign may be used during the administration of a TCAP test if the sign will not indicate the answer. A shortcut sign is a sign created in the classroom setting between the interpreter and the student for a commonly used subject-specific word for which there is no sign. *Shortcut signs are not to be created during the actual administration of a TCAP test.*

Eligible students must receive this accommodation under the following conditions:

- Fingerspelling must not be used to administer items that require the student to demonstrate the skill of spelling.
- The interpreter is to sign greater/less than signs, equal signs, exponents, etc., in the same manner they are signed when used during classroom instruction and similar classroom assessments. The interpreter is not to sign information that would provide the student with the answer. For example, a question asks: Which digit is in the thousands place in the number 3,849? The interpreter would sign the number as "three—comma—eight—four—nine" instead of "three thousand eight hundred forty-nine."

Note: The audiotape edition of the TCAP Competency Tests may be utilized for those students requiring Accommodation B. Use of audiotape is considered a Special Accommodation. Students may use audiotape only or audiotape with the corresponding test booklet, based on the decision of the IEP Team.

- The student must be tested in an isolated area in which students who do not need the accommodation may not see the test administration. This may be provided in an individual or small group setting with students needing the same accommodation.
- The test must be completed within the school day.
- All testing must be completed within the system's testing window.
- The Test Administrator must verify the circle for **Special Accommodation E** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

F. Student Reads Into Auditory Recorder / Plays Back Immediately for Comprehension:

Special Accommodation E may be used on all TCAP Assessments by students with an IEP or 504 Service Plan. This accommodation is effective for students when reading fluency is on grade level and difficulty in reading comprehension is documented. Special Accommodation E may be useful for *students with 504 Service Plans* in situations where Accommodation B or C is not permitted (i.e., EOC English I and Gateway Language Arts Tests).

Extended Time limits may be determined by the student's IEP Team or 504 Review Committee. Eligible students must receive this accommodation under the following conditions:

- Ensure that a blank audio tape is provided to the student.
- Ensure that the student has a functional audio recorder.
- The student must be tested in an isolated area in which students who do not need the accommodation cannot hear the student's speaking or playback of the tape.
- Only the student may read into the audio recorder.
- The student may read only internal test instructions and items into the audio recorder to be played back immediately for response.
- The student's responses to his/her recording of test items must be marked on the answer document provided for that test. If the student is answering directly in the test booklet, ensure that responses are transcribed onto the answer document.
- The test must be completed within the school day.
- All testing must be completed within the system's testing window.
- The Test Administrator must verify the circle for **Special Accommodation F** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.
- Place the student's answer document under the appropriate Group Information Sheet.

- The used audiotape must be returned according to the following procedures:
 1. Label the audiotape with the student's name, social security number, teacher name, school and system.
 2. Upon completion of the test, audiotapes should be returned to the clam shell and sealed.
 3. Place the sealed and labeled audiotape in an envelope for return.
 4. Via Priority Mail, send the envelope to:

Gateway/EOC Program Manager
Assessment, Evaluation and Research
Tennessee Dept. of Education
TPS Complex – Hardison Building
1252 Foster Avenue
Nashville, TN 37243

NOTE: If using U.S. Mail, use 37243 as the zip code. If using UPS or FedEx, use 37210.

G. Calculators:

CALCULATOR/MATHEMATICS TABLES: Calculators and/or mathematics tables are permitted on the mathematics portions of the TCAP Achievement (grades 3–8) and the Gateway Tests. Therefore, use of calculators and/or mathematics tables on mathematics items is not considered a Special Accommodation. If the school system does not permit this Allowable Accommodation, the IEP Team or 504 Review Committee should document the use of calculators and/or mathematics tables on the *Allowable/Special Accommodations Addendum*.

H. Manipulatives:

Special Accommodation H may be used on mathematics tests by students with IEPs or 504 Service Plans *where manipulatives are used consistently throughout the mathematics program*. Manipulatives include: counters, shapes, textured material (i.e., sandpaper), representation of money, beads, or any other items that may be physically counted or manipulated by the student. Manipulatives used on TCAP assessments must be the *same manipulatives* used throughout classroom instruction and similar assessments. When the student typically uses manipulatives in mathematics instruction, those manipulatives should be brought to the mathematics testing session. The State does not provide manipulatives other than rulers for the TCAP assessments.

Eligible students must receive this accommodation under the following conditions:

- The student must be tested in an isolated area in which students who do not need the accommodation may not have access to the manipulatives during the test administration. This may be provided in an individual or small group setting with students needing the same accommodation.
- Manipulatives used on TCAP testing must be the same manipulatives used by the student throughout classroom instruction and similar assessments.
- The Test Administrator may not review the test to determine if additional manipulatives are needed.
- The Test Administrator must verify the circle for **Special Accommodation H** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

I. Assistive Technology:

Special Accommodation I may be used by students with an IEP or 504 Service Plan goal where technology is used consistently throughout the general education program. Technology used as an accommodation must be necessary for everyday communications and post-school success. Assistive Technology can include, but is not limited to: computers, speech-synthesizers, communication devices, word processors with or without talk-text technology, and electronic readers.

Any device that would “Read-Aloud” the Reading/Language Arts portions of the Achievement, Gateway or EOC Assessments requires IEP documentation of Accommodation B (read aloud internal test instructions/items). Students with 504 Service Plans may not use any device that reads aloud internal test items on the Reading/Language Arts sections of TCAP Assessments.

Eligible students must receive this accommodation under the following conditions:

- The student must be tested in an isolated area in which students who do not need the accommodation may not hear or see the technology during the test administration.
- The Test Administrator must follow all directions exactly as they are written in the *Test Administration Manual*.
- The Test Administrator must check the equipment prior to the test administration to ensure it is in working order.
- Use of prediction software, electronic spellers, spell check, and grammar check utilities is prohibited.
- All student responses must be transferred to a regular answer document.
- All documents, computer discs, or any record of student responses must be returned to the State.
- The Building Level Testing Coordinator must verify any test items or student responses are removed from computer hard drives.
- The test must be completed within the school day.
- All testing must be completed within the system’s testing window.
- The Test Administrator must verify the circle for **Special Accommodation I** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

K. Unique Accommodations:

Based on the final NCLB Regulations for students receiving special education services, requests regarding accommodations not listed in Allowable or Special Accommodations will be reviewed on a case-by-case basis using the *Unique Adaptive Accommodations Request Form*. All *Unique Adaptive Accommodations Request Forms* should be received by the Special Education Division of the Department of Education no later than one month prior to the TCAP Assessment(s) to which they apply.

In rare cases additional accommodations may be needed for students who are not receiving services under Special Education or Section 504 (e.g., a short-term medical problem). For these students *Unique Adaptive Accommodations Request Forms* should be submitted to the Department of Education for review and approval.

The following guidelines should be used when determining if a *Unique Adaptive Accommodations Request Form* should be considered:

- The use of the accommodation must be currently documented in the student's IEP. (The unique accommodation does not have to be documented on the current *Allowable/Special Accommodations Addendum*, but a copy of the approved *Unique Adaptive Accommodations Request Form* should be attached to the IEP.)
- The accommodation must be used for the purpose of student access to the general education curriculum.
- The accommodation shall be age appropriate, related to the student's disability, and must meet the individual instructional needs of the student.
- The accommodation must be part of the student's regular instructional program, used consistently throughout the school year for all related classroom assignments and tests. (The accommodation may not be introduced for the first time on a TCAP assessment.)
- The student must be proficient in the use of the accommodation.
- Any accommodations that change the standards measured by altering the number of items on the test or answer choices **will not be considered**.
- The Test Administrator must verify the circle for **Special Accommodation K** is darkened on the answer document to signify that the student used this accommodation. Test Administrators must confirm that the student has met the required conditions for use of this accommodation and verify that the circle for the number of hours the student receives Special Education services is darkened on the answer document.

Questions regarding the TCAP ALT-ASA Assessment should be referred to the Alternative Assessment Coordinator in the Special Education Division at (615) 741-2851.

Testing Irregularities

It is the responsibility of each school's lead special education teacher or 504 Coordinator, respectively, to confirm that students using Special Accommodations have met the required conditions and that these conditions are documented on the students' IEP or 504 Service Plans. It is the Test Administrator's responsibility to obtain a list of all students using Allowable and/or Special Accommodations and to ensure all accommodations are applied appropriately.

- A *Report of Irregularity* should be submitted under the following conditions:
 1. A student qualifies for a Special Accommodation, but does not receive it.
 2. A student does not qualify for a Special Accommodation, but receives it.
 3. A student qualifies for a Special Accommodation, but that accommodation was provided incorrectly.

NOTICE: If Special Accommodations are needed for accommodating a student's disability and do not appear in the Special Accommodations Addenda, contact Jan Lanier (615) 532-6314 or Paula Gaddis (615) 741-3262 at the Division of Special Education, or Kevin Whittington (615) 253-1923 at Assessment, Evaluation and Research for guidance and further instructions.

*All students are eligible for Allowable Accommodations, as needed, on any TCAP Assessment. Special Accommodations are available for students with an IEP or 504 Service Plan.

***Transitional ELL students** who have tested proficient on the state mandated language proficiency assessment and are in the two required years for monitoring **are not entitled to ELL accommodations** and should be coded only as T1/T2 on the TCAP answer document.

*If the student uses both ELL and Special Accommodations, Extended Time is determined by the IEP Team or 504 Review Committee.

Note: Questions regarding required conditions for use of ELL Accommodations should be directed to the TN ESL Coordinator at (615) 741-3262.

2008–2009 ENGLISH LANGUAGE LEARNER (ELL) ACCOMMODATIONS AND EXCLUSIONS

ELL First Year Excluded

There is no blanket exclusion of ELL students. Exclusions must be **individually determined** based on the guidelines listed below.

ELL students **may have their scores excluded** from the calculations for AYP Accountability for Gateway Language Arts if they:

- a) are identified on the Home Language Survey as speaking a language other than English and
- b) score less than advanced in two or more of the assessed domains on the test of English fluency and
- c) are in their **first year of enrollment in a U.S. school**.

Students may not be excluded for more than one year for calculations for NCLB.

NOTE: ELL Excluded Bubble should only be darkened if the student meets ALL of the above guidelines.

ELL

All students are expected to achieve the same high standards in Tennessee. All English Language Learners (ELL) enrolled in a Gateway/EOC course must participate in the appropriate Gateway/EOC assessment. The State of Tennessee English Language Learners (ELL) Testing Policy states:

“The purpose for including our student population of English Language Learners in our Tennessee Comprehensive Assessment Program is to help ensure that children who are limited English proficient, including immigrant children and youth, attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging State academic content and student academic achievement standards as all children are expected to meet.”

ELL status must be determined by the test of English fluency. A score of less than advanced in two or more of the assessed domains qualifies the student as ELL. School systems must document and determine accommodations each year, based on individual needs and abilities.

T1/T2

Transitional Limited English Proficient (LEP) students are non-English language background students who were classified with a score of advanced in two or more of the assessed domains on the test of English fluency.

T1 - Students are classified as Transitional 1 (T1) the first year after scoring proficient.

T2 - Transitional 2 (T2) for the second year. Transitional students are exited from monitoring following the second successful year scoring at proficient or above in reading and language arts on the State assessment.

T1 and T2 students are not eligible to receive ELL accommodations.

Questions regarding ELL Accommodations should be referred to the Tennessee ESL Coordinator at (615) 741-3262.

ELL Accommodations

The following is a complete list of approved accommodations provided for English Language Learners in State assessments and may be used, as indicated, on the EOC and Gateway Tests. SECTION IV: HOME SCHOOL AND HOMEBOUND STUDENTS

Testing Home School Students

Certain categories of Home School students at given grade levels must be assessed.

Independent

Independent Home Schools are conducted by a parent-teacher who has registered with the local school system.

T.C.A.49-6-3050(b)(5)(A)

Administration by the commissioner of education, or the commissioner's designee, or by a professional testing service which is approved by the LEA, to home school students of the same state board-approved secure standardized tests required of public school students in grades five (5), seven (7), and nine (9); however, the test for grade nine (9) shall not be the high school proficiency test required by § 49-6-6001;

(B)(i) Tests administered by the commissioner or the commissioner's designee shall be at the same time tests are administered to public school students, and shall be administered in the public school which the home school student would otherwise be attending, or at whatever location students at such school are tested. Tests administered by the commissioner or the commissioner's designee, shall be administered without charge. The parent-teacher may be present when the home school student is tested in grade five (5). Both parent-teacher and home school student shall be under the supervision of the test administrator.

Church Related

Church-related Home Schools are conducted by a parent-teacher who is associated with an organization that conducts church-related schools, as defined by § 49-50-801. Students registered with a church-related school in grades Kindergarten through eight (K–8) will take the standardized test, if it is administered, at the church-related school. Tests will be given to Home School students at the time that the church-related school tests their regular day school students.

T.C.A.49-6-3050(a)(2)(C)(ii)

Any parent conducting a home school for children in grades nine through twelve (9–12) under this subdivision (a)(2) must adhere to the same program of the Sanders Model of value-added assessment, or other standardized achievement testing in use in the LEA which the child would otherwise attend. If the child fails, for two (2) consecutive years, to meet or surpass the average level of achievement in the Sanders Model of value-added assessment or other standardized achievement testing in use in the LEA, the child shall be enrolled in the appropriate grade level of the LEA or private or church-related school.

Before the Testing Dates

Parents of Home School students required to test are notified of the date, time, and place of the test administration(s) and are instructed to contact the system Home School Coordinator or System Testing Coordinator.

Parents of Home School students must provide transportation to and from the test site.

Home School Test Materials

2. Complete a **separate Group Information Sheet** (GIS) for each student tested.
3. List all Home School students on a single School/Group List (SGL) per content area. Make sure the **TEACHER NAME** is exactly the same on the SGL and the GIS. Fill in the Content Area in the space provided at the top of the SGL.
4. Place ALL Home School GISs and answer documents in an Answer Sheet Envelope by content area. Write the number of students, HOME SCHOOL, and the Content Area on the outside of the envelope.
5. The Home School Answer Sheet Envelope(s) are placed **below** the Gateway Language Arts or EOC US History answer documents when taken to the system central office and to the scanning site.

Testing Homebound Students

Testing of Homebound students should be addressed in each student’s education plan. Allowable accommodations may be used. Special Accommodations may be used if students meet required conditions. Special attention should be given to test security. Students must be tested during the system-designated testing dates.

An answer document **MUST** be completed and scanned for ALL Homebound students enrolled in Gateway or End of Course classes. Homebound students’ assessments will be processed under his/her school and teacher. See Section V: Post-Test Procedures.

Homebound Students

SECTION V: POST-TEST PROCEDURES

Group Information Sheet (GIS)

Coding Instructions

The Group Information Sheet (GIS) provides data that will appear on reports. It is essential that a complete and accurate GIS be placed on top of each stack of answer documents whose scores are to be reported together. **Incorrect, incomplete, or illegible information may result in delayed test processing and inaccurate group reports and/or final reports. GISs precoded with school specific data must not be interchanged between schools or systems.**

- ☐ Ensure GIS information is properly marked.
 - ☐ use No. 2 pencil to make dark solid marks that fill the circle completely
 - ☐ make no stray marks
 - ☐ marking more than one circle in each column will invalidate the coding
 - ☐ erase changes completely
 - ☐ do not fill in circles beneath blank boxes
- ☐ Keep the following points in mind when preparing the GIS.
 - ☐ note that some information may have been preprinted
 - ☐ answer documents to be scanned must be placed under a GIS
 - ☐ answer documents to be destroyed should not be placed under a GIS
 - ☐ content areas should not be combined under a GIS
 - ☐ if completing a blank GIS, use a precoded GIS to ensure information is identical for processing
- ☐ Complete GIS information.
 1. **SYSTEM NAME:** This may be preprinted. Print system name. (For private schools, the system name and school name are the same.) For out-of-system instructions, see p. 45.
 2. **ASSESSMENT TYPE:** Bubble Gateway or End of Course
 3. **CONTENT AREA:** In BLUE or BLACK ink, indicate the content area being tested.
 4. **SYSTEM NUMBER:** This may have been precoded. If using a blank GIS, fill in system number. Precede system number with zero(s), if needed, to complete the 5-digit number.
 5. **SCHOOL NUMBER:** This may have been precoded. If using a blank GIS, fill in system number. Precede system number with zero(s), if needed, to complete the 4-digit number.
 6. **SCHOOL NAME:** The school name may have been preprinted. If using a blank GIS, print the school name exactly as it appears on a preprinted GIS. If preprinted forms are not available, the System Testing Coordinator must contact Assessment, Evaluation and Research for correct coding information.
 7. **TEACHER LAST NAME:** Print teacher's last name in the boxes. Fill in the corresponding circle below each letter. **Make sure the name is EXACTLY the same on the SGL.**
 8. **TEACHER FIRST NAME:** Print teacher's first name in the boxes. Fill in the corresponding circle below each letter. **Make sure the name is EXACTLY the same on the SGL.**
 9. **TEACHER LICENSURE NUMBER:** The teacher's licensure number must be filled in accurately.
 10. **CLASS PERIOD:** Fill in appropriate class period.
 11. **NUMBER STUDENTS TESTING:** Print in the boxes the number of students testing (this includes any student who refuses to test or leaves the testing area). Fill in the corresponding bubble below each number. Single- or double-digit numbers must be preceded by zero(s).

12. **NUMBER STUDENTS ABSENT:** Print in the boxes the number of students absent who were required to test. Fill in the corresponding bubble below each number. Single-or double-digit numbers must be preceded by zero(s).
13. **NUMBER ANSWER DOCUMENTS RETURNED:** Print in the boxes the total number of students testing and students absent (e.g., Box 11 + Box 12 = Box 13).

NOTE: OUT OF SYSTEM STUDENTS: The need for this coding occurs mainly during Summer administration but may arise during other administrations.

1. **SYSTEM NUMBER:** Print testing system number.
2. **SCHOOL NUMBER:** Print 9999.
3. **SYSTEM NAME:** Print Out-of-System.

SUMMER GIS GROUPINGS: When testing students from other schools, a separate GIS should be completed for each high school, if reporting of scores by individual high schools is desired. SGLs should match the GIS forms.

School/Group List (SGL)

Completion Instructions

Building/System personnel must enter SGL information on the TCAP Reports website (<https://www.eval.k-12.state.tn.us/tcapreports>) prior to returning test materials. TDOE will not process test materials without completed online SGLs. Print SGL forms per content areas and take them with answer document envelope to scan site and retain a copy for the system/school. The [School/Group List (SGL)] provides a comprehensive list of all GIS forms for each school. Use the SGL to cross reference information from the GIS forms and to verify the number of answer documents to be scanned/scored.

Incorrect, incomplete, or illegible information may result in delayed test processing and inaccurate reports and/or AYP data.

☐ Keep the following points in mind when preparing the SGL.

- if a teacher/administrator has more than one GIS with answer documents to be scanned/scored, the information for each set should be listed separately
- for Gateway/End of Course, each content area must be listed on a separate SGL (**combining content areas on an SGL will delay processing**)

☐ Complete the online SGL information.

1. **TEST NAME:** Document the Administration in the space provided at the top of the sheet (e.g., 2008 Spring Gateway).
2. **SYSTEM AND SCHOOL NAME:** Type the system number, system name, school number, and the school name.
3. **CONTACT PERSON:** Type in the Building Testing Coordinator's name, telephone number including the area code, and e-mail address. This has to be completed in both Gateway and EOC assessments.
4. **TEACHER:** List each teacher by the last name and the first name shown on the GIS. The name should be spelled and written EXACTLY as it is on the GIS. Note: If a teacher has multiple GIS forms, list each separately on the SGL. Make sure the name is exactly the same on the GIS.
5. **CLASS PERIOD:** List the class period shown on the GIS.
6. **NUMBER STUDENTS TESTED:** List the number of students tested (this includes any student who refuses to test or leaves the testing area).
7. **NUMBER STUDENTS ABSENT:** List the number of students absent who were required to test.
8. **TOTAL NUMBER OF ANSWER DOCUMENTS RETURNED:** A total should appear for each teacher entry. This number should match the corresponding GIS.

☐ Out-of-System Students

The need for this coding occurs mainly during summer administrations but may arise during other administrations.

1. **SYSTEM NUMBER:** Print testing system number.
2. **SCHOOL NUMBER:** Print 9999.
3. **SCHOOL NAME:** Print Out-of-System.

Guidelines for Handling RI/Breach Materials

- ☐ 1. See Section VI, Administration Anomalies, for information regarding appropriate use and handling of RI/Breach forms.
- ☐ 2. **Contact a Gateway/End of Course Program Manager for verification of RI/Breach nullify or void recommendation. See contact information at end of manual.**
- ☐ 3. If there are RI/Breach issues involving nullification or voids, a review of the described circumstances must be completed before the Quick Score Report will be sent. **DO NOT WRITE VOID OR NULLIFY ON ANY ANSWER DOCUMENT!**
- ☐ 4. If the test is to be **VOIDED**, the **ORIGINAL** answer document(s) should be attached with a **PAPER CLIP** to a copy of the RI printed from the website and returned in the Breach envelope. **NOTE: This would be a very rare occurrence and TDOE approval must be obtained to void a student answer document.**
- ☐ 5. Place original copy of the Breach in the Breach Envelope. Include the AYP Demographic Review Form and any Medical Exemption Request Forms.
- ☐ 6. Report RI/Breach descriptions at <https://www.eval.K-12.state.tn.us/tcapreports>
- ☐ 7. Send the completed Breach forms to the appropriate program manager.

Processing Definitions

- Process Normally — Test will be scanned and included in all reports as if no incident occurred.
- Nullify — Test will be scanned but will show on reports as “nullify.” Score will not reflect on system data.
- Void — Test will not be scanned and no record of test will exist. This is rarely done since it provides no record of a student’s opportunity to test.

NOTE: Any Breach of Testing Security Report forms submitted to the System Testing Coordinator should be returned to Assessment, Evaluation and Research by overnight mail.

- ☐ 1. Use containers other than the original shipping boxes to bring materials to the Field Service Scanning Site (original shipping boxes should be reserved for return of used/unused materials).
- ☐ 2. Gather all materials to be taken to the Field Service Scanning Site.
 - A) all SGLs per content area in the same order as the Answer Document Envelopes
 - B) all Answer Document Envelopes, grouped by content area, in order with lowest school number on top to highest on bottom
 - C) Home School Envelopes
 - D) Large Print and Braille Envelopes
 - E) Class Rosters
 - F) list of absent students
 - G) list of ELL Excluded students
- ☐ 3. Place materials in boxes in the following stack order.

Make-up Testing

Plans should be made to allow all students to make up any tests not attempted during the regular test session. EOC make-ups should be administered within four school days of the initial test date. Gateway test should be made up on the assigned make-up day.

BEFORE TESTING

- ☐ 1. Plan a school make-up testing schedule to complete make-up testing as soon as possible within the testing window.
- ☐ 2. Identify and contact students who need to make up a test(s).
- ☐ 3. Schedule students listed on the Absentee List to make up a test(s).
- ☐ 4. Gather materials needed to administer the test, e.g., test booklet, answer document, *Test Administration Manual*.

DURING TESTING

- ☐ 1. Establish a quiet, secure place for the administration of the make-up tests.
- ☐ 2. Code or help students code the Student Demographic Data on the answer documents, according to instructions in this manual.
- ☐ 3. Administer the test, adhering to test directions and time limits defined in this manual.

AFTER TESTING

- ☐ 1. Utilize the Test Administrator's Checklist for instructions on handling testing material procedures, as applicable.
- ☐ 2. Coordinate with the Building Testing Coordinator for appropriate placement of the make-up test materials within other used answer documents and materials.
 - A) ensure all absent students **who were unable to take a make-up test** have a completed answer document with the ABSENT circle darkened under the appropriate Group Information Sheet (GIS) in the stacks of completed answer documents;
 - B) ensure that the ABSENT circle has been completely erased for all students **who have taken a make-up test and that** the answer document containing their responses is under the appropriate GIS;
 - C) if students **who have taken a make-up test used a new answer document** and also have an answer document with the ABSENT circle darkened in the stacks of answer documents, remove the answer document that **does not contain responses** and place it under an Inactive Test Material form with the appropriate incident type checked—Be sure that no student has **two answer documents to be scanned and scored**.

Inactive Test Material (ITM)

Only material to be destroyed should be placed under this form. Documents attached to an Inactive Test Material (ITM) form are inactive and are not to be scored. The ITM is a single sheet form and may be copied as needed. A separate form should be submitted for each incident type per grade/content area for each school.

Answer documents should be considered inactive for the reasons listed on the form **only**. If an answer document contains responses, the responses and student demographics must be transcribed to a new answer document before placing the document to be destroyed under this form. When completed, the ITM and related test materials should be paper banded separately from other test materials. Check only one box. Do not complete an ITM if there are no materials to accompany the ITM form.

The following test materials **should not** be included under ITM:

- Braille and Large Print test materials (Return these test materials per shipping instructions and place the **transcribed** answer document under the appropriate Group Information Sheet [GIS].)
- Test booklets with only student names or random marks (Place them with used test materials.)
- Used writing prompts or directions (Place them with used test materials.)
- Test booklets or answer documents with manufacturing defects (System Testing Coordinator **must** contact the State for further instructions.)
- Writing folders with responses, separated at perforation (Place them together under the appropriate GIS, in order.)
- Unused, pre-coded Student Group Lists and GISs (Place them with used test materials.)

☐ Test Administrator Responsibilities

- ☐ do not write comments on answer documents
- ☐ identify any answer documents, test booklets, or Absentee Forms to be included under ITM
- ☐ notify Building Testing Coordinator of any significantly damaged or contaminated (e.g., vomit, blood) documents for review
- ☐ complete ITM, **sign**, and paper band with any affected answer documents or test materials
- ☐ use only paper for bands (adding machine tape works well)
- ☐ return paper-banded ITM to Building Testing Coordinator

☐ Building Testing Coordinator Responsibilities

- ☐ do not write comments on answer documents
- ☐ ensure materials under ITM are those documented on the form
- ☐ verify use of form corresponds to allowed reasons only
- ☐ **sign** completed forms
- ☐ ensure that damaged/contaminated documents are transcribed to a clean answer document which is placed under the appropriate GIS
- ☐ ensure any duplicate answer documents under an ITM have a corresponding document under the appropriate GIS
- ☐ ensure only paper has been used for bands (adding machine tape works well)
- ☐ pack and return paper-banded ITM to System Testing Coordinator per instructions

☐ System Testing Coordinator Responsibilities

- ☐ do not write comments on answer documents
